

INDEX TO VOLUME 15

The star (*) preceding the page number indicates an original article in THE ARCHIVES. No author entries are made except for original articles. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

	PAGE
Abscess, extradural, of otitic origin, cerebellar and pyramidal reactions in.....	505
Acromegaly and syndrome of Raynaud.....	645
syringomyelia with	399
Agrammatism	267
Alcohol, tolerance to	640
Amnesia, clinical and autopsy findings in brain tumor with	795
Amyostatic Syndrome	497
of epidemic encephalitis; blood sugar tolerance studies	*103
Angioma arteriale racemosum in region of right middle cerebral artery.....	493
Anxiety, rôle of, in economy of mental life.....	807
Aphasia; doctrine of cerebral localizations.....	122
kritische Studien zur Methodik der Aphasiellehre	266
Mingazzini's theory of	268
ueber den heutigen Stand der Aphasiellehre	382
Apraxia, significance of extrapyramidal mechanisms during conversion of "image of movement" into actual movement.....	271
Aqueduct, cerebral, morphogenesis of.....	392
Area Striata, micrometry in study of.....	275
Association for Research in Nervous and Mental Disease.....	776
Auditory Canal, itching in, nasal ganglion in relation to.....	277
Bassoe, P.: Parkinsonian states; clinico-pathologic studies.....	*218
Behavior origins from physiologic point of view	*173
Behaviorism; psychology based on reflexes.....	*185
Blastoderm, early, of chick, developmental potencies of parts of.....	649
Blood, immunologic evidence as to the evolutionary relationships of man.....	636
sugar, hypophysial fat dystrophy with glycosuria and	* 85
sugar, in exophthalmic goiter, in epilepsy and in neuroses and psychoses with thyroidal disturbances	649
sugar tolerance studies; amyostatic syndrome of epidemic encephalitis.....	*103
BOOK REVIEWS:	
Addresses to Mental Nurses; B. Pierce.....	405
Cerebrospinal Fluid in Clinical Diagnosis; J. G. Greenfield and E. A. Carmichael.....	279
Diagnostik mit Freiem Auge (Ektoskopie); E. Weisz.....	149
Essentials of Psychiatry; G. W. Henry.....	148
Études Neurologiques. Second Series; G. Guillaum.....	674
Introduction to the Mind in Health and Disease; T. W. Smith.....	149
La Mélancholie; R. Benon.....	405
Le Professeur J. Dejerine, 1849-1917; E. Gauckler	825
Les Nerfs en Schemas: Anatomie et Physiopathologie; A. Pitres and L. Testut	534

Book Reviews—Continued	PAGE
Les Tumeurs du Cerveau; V. Christiansen	406
Mental Hygiene with Special Reference to Migration of People; W. L. Treadway	280
Psychoanalysis and Psychic Disorder of General Paresis; S. Hollos and S. Ferenczi	278
Psychopathia Sexualis; R. v. Kraft-Ebbing	278
Social Aspects of Mental Hygiene; F. E. Williams, C. M. Campbell, A. Myerson, A. Gesell, W. E. Fernald and J. Taft.....	533
Textbook of Psychology for Nurses; M. B. Muse.....	674
Vagotonia, Sympathicotonia and Neurotonia; A. G. Guillaume.....	535
Brain: See also Cerebellum; Corpus Striatum; Midbrain; Pons Varolii; etc.	
casts of cerebral ventricles.....	*588
cortex, in varanus, relations of corpus striatum and; their bearing on birds, mammals and man.....	394
cortex, of male albino rat, postnatal changes in vascularity in.....	647
cortex, relationship to substantia nigra and corpus striatum	127
degeneration, differential diagnosis between cerebral degeneration, infiltrating cerebral neoplasm and infiltrating cerebral neoplasm and degeneration.....	* 48
lesions, cerebral symptoms induced by angioneurotic edema	* 28
lesions, traumatic and nontraumatic; gross pontile bleeding in.....	*455
lesions, vascular, and tumors of brain; differential diagnosis	*568
localization, anatomic and clinical study.....	122, 266
localization, difficult urination with intracranial tumors of posterior fossa.....	*371
localization, Henschen's method of.....	266
localization, horizontal paralysis of the gaze; oculomotor tracts; posterior longitudinal bundle	484
localization, nervous regulation of progression in mammals.....	511
localization, syllabic palilalia.....	821
localization, ueber den heutigen Stand der Aphasiellehre	382
negri bodies in.....	*735
repair	* 75
roentgen study; casts of cerebral ventricles	*588
softening, pathogenesis of; action of occasional causes and incomplete occlusion in	396
tumor, and vascular lesions; differential diagnosis	*568
tumor, angioma arteriale racemosum in region of right middle cerebral artery.....	493
tumor, cerebrospinal fluid in.....	275
tumor, classification of.....	118
tumor, clinical and autopsy findings in.....	795
tumor, differential diagnosis between cerebral degeneration, infiltrating cerebral neoplasm and infiltrating cerebral neoplasm with degeneration.....	* 48
tumor, glioma as an anomaly of development	799

INDEX TO VOLUME 15

Brain—Continued	PAGE	PAGE	
tumor, multiple ganglioneuromata.....	644	Cunningham, R. S.: Fixation of cells of cerebrospinal fluid with iodine vapor...*	761
tumor, multiple hemangioma	643		
tumor of cerebellopontile angle.....	641	Dana, C. L.: Story of glossopharyngeal nerve and 4 centuries of research concerning cranial nerves of man.....*	675
tumor; sarcomatosis	*205	Dementia Praecox, amyostatic syndrome of epidemic encephalitis; blood sugar tolerance studies	*103
tumor, treatment by radiotherapy....	132, 396	Diamond, I. B.: Trichinosis encephalitis...*	34
tumor, tuberculose en plaque with pathologic specimen	802	Dowman, C. E.: Thrombosis of rolandic vein	*110
tumor, with spontaneous escape of cerebrospinal fluid through nose.....*	309	Dystrophy, emaciation	82
tumor, yellow spinal fluid associated with.*	751	fat, hypophysial, with hyperglycemia and glycosuria	* 85
Brock, S.: Encephalitis periaxialis diffusa of Schilder	*297		
Bulbocapnin in treatment of tremor and in production of basal ganglion symptomatology	*325	Ebaugh, F. G.: Psychoses occurring during puerperium	*239
Burr, H. S.: Development of the meninges.*	545	Edema, angioneurotic, cerebral symptoms induced by	* 28
Byrnes, C. M.: Pathology of paralysis agitans	*407	Electrocution	789
		Elsberg, C. A.: Differential diagnosis between cerebral degeneration, infiltrating cerebral neoplasm and infiltrating cerebral neoplasm with degeneration...*	48
Carroll, P. M.: Encephalitis periaxialis diffusa of Schilder.....*	297	Sensory disturbances in tumors of cervical spinal cord.....*	444
Cauda Equina: See Spinal Cord		Encephalitis periaxialis diffusa of Schilder.*	297
Causalgia: See Thermalgia		periaxialis diffusa, unusual and protracted case of	135
Cerebellum, das Kleinhirn; Anatomie, Physiologie und Entwicklungsgeschichte....	504	trichinosis encephalitis	* 34
development of, in frog (<i>Hyla regilla</i>)..	794	Encephalitis, Epidemic, anatomic changes in; their relation to those of human rabies.	784
tumors of posterior fossa, difficult urination associated with.....*	371	clinical features and treatment of.....	504
Cerebrospinal Fluid, fixation of cells of, with iodine vapor.....*	761	mental disorders during and after.....	642
in epilepsy; study of 50 cases.....*	353	monoplegia with	531
in meningitis, chemical changes in; with special reference to lactic acid content.*	738	relation of epidemic hiccup to.....*	712
in neoplasias of central nervous system..	275	sensory ocular disturbances in.....	512
oxytocic substance (posterior hypophysis extract) in	*331	sequels, amyostatic syndrome; blood sugar tolerance studies	*103
spinal fluid syndrome in general paresis.	648	sequels, central tracts of nervous-vestibularis	506
spontaneous escape through nose in brain tumor	*309	sequels, lemniscus symptoms	527
theoretical significance of suboccipital puncture	500	sequels, mental symptoms.....	515
yellow: See Xanthochromia		sequels, myasthenic symptoms.....	817
Charcot and Salpêtrière.....	661	sequels, narcolepsy	531
and the arts.....	666	sequels, neuron destruction in postencephalitic paralysis agitans; micrometric study of lenticular region and substantia nigra	* 1
centennial in Paris.....	662	sequels, neuroses.....	515
diagnostician and hypnotist.....	664	sequels, pathologic anatomy of encephalitic parkinsonism	114
Child, C. M.: Behavior origins from physiologic point of view.....*	173	sequels, pathology of paralysis agitans...*	407
Choked Disk; acute multiple sinusitis.....	513	sequels, pyramido-optostriate syndrome...*	819
papillary stasis and decompression.....	508	sequels, respiratory disturbances.....*	617
Cistern Puncture, theoretical significance of	500	sequels, temporary tonic spasm of superior recti muscles with parkinsonian syndrome	400
Claude Bernard-Horner syndrome in medullary compression low down.....	823	study of 450 cases of.....	498
Cocain, snuffing, local manifestations of...*	125	unusual signs of.....	517
Colloidal gold solutions, correction of, for Lange reaction	*471	xanthochromia in	*365
Comfort, M. W.: Yellow spinal fluid with brain tumor	*751	Endocrine disorder with mental symptoms.	657
Congress of Alienists and Neurologists of France and of French Speaking Countries	113	Epilepsy as symptom of disseminated sclerosis	397
Corpus Striatum, in varanus, relations of pallium and; their bearing on birds, mammals and man.....	394	glycemia in epileptics during seizures and during intervals	649
normal substantia nigra and its relationship to cerebral cortex and.....	127	spinal fluid in; study of 50 cases.....*	353
striatal symptom-complex in general paralysis	631	treatment, cessation of epileptic fit after calcium chloride intravenously.....	399
Cranium, compression in, delayed post-traumatic	*475	Evolution, immunologic evidence as to evolutionary relationships of man.....	636
fracture; analysis of 171 proved cases...	276		

INDEX TO VOLUME 15

	PAGE		PAGE
Extrapyramidal mechanisms, significance of, during conversion of "image of movement" into actual movement.....	271	Kappers, C. U. A.: Meninges in lower vertebrates compared with those in mammals	*281
Syndromes, studies on.....	395	Kennedy, F.: Cerebral symptoms induced by angioneurotic edema	* 28
Eye, first appearance of; developmental tendencies of parts of early blastoderm of chick	649	Killian, J. A.: Significant chemical changes in spinal fluid in meningitis; with special reference to lactic acid content....	*738
transplanted, relation to developing nerve centers	509	Kliatscho, M. G.: Hypophysial fat dystrophy with hyperglycemia and glycosuria.....	* 85
Fellowships in Neuropsychiatry.....	826	Kraus, W. M.: Constant relation between postures of motile and rigid states....	*597
Ferguson, W. G.: Amyostatic syndrome of epidemic encephalitis; blood sugar tolerance studies	*103	Human adult and embryo anterior horn cells; comparison of form in relation to concept of neurobiotaxis.....	*686
Freeman, W.: Radix spinalis trigemini and principle of usurpation.....	*607	Kubie, L. S.: Fixation of cells of cerebrospinal fluid with iodine vapor.....	*761
Fried, B. M.: Sarcomatosis of brain.....	*205	Kuhlmann Tests: See Mental tests	
Froin's Syndrome: See Xanthochromia			
Ganglion, basal, symptomatology; bulbocapnin in experimental production of...*	325	Labyrinthine disturbances, systematized disturbance of associated movements of eyes and limbs from.....	787
nasal (sphenopalatine) ganglion in itching in auditory canal and tinnitus aurium.	277	labyrinthine type of multiple sclerosis...	650
Ganglioneuromata, multiple, of brain; origin	644	Lange Reaction, correction of colloidal gold solutions as applied to.....	*471
Gastric Juice, psychic secretion of, under hypnosis; in sleep.....	512	Left-Handedness and right-handedness....	488
Glioma as an anomaly of development.....	799	Lemniscus Symptoms following epidemic encephalitis	527
Globus, J. H.: Vascular lesions and tumors of brain; difficulties in differential diagnosis; report of 7 cases with necropsy findings	*568	Levi, P.: Spinal fluid in epilepsy.....	*353
Globus Pallidus, micrometric study of lenticular region and substantia nigra; neuron destruction in postencephalitic paralysis agitans	* 1	Locke, C. E., Jr.: Spontaneous escape of cerebrospinal fluid through nose; occurrence with brain tumor.....	*309
Glycosuria, hypophysial fat dystrophy with hyperglycemia and	* 85	Studies of casts of cerebral ventricles....	*588
Gowan, L. R.: Neuron destruction in postencephalitic paralysis agitans; micrometric study of lenticular region and substantia nigra	* 1	Lymphogranuloma, in extradural space, softening of spinal cord due to; lymphogranuloma of uterus as accessory finding	389
Gozzano, M.: Case of cervicodorsal spina bifida occulta with trophic and sensory disturbances and cervical hypertrichosis	*702	McDougall, W.: Oedipus complex; attempt to estimate its rôle and importance....	*151
Granular Layer, internal, two divisions of.	120	McIntyre, A. P.: Toxemias occurring in early stages of mental disease.....	*341
Gregg, D.: Neurologic symptoms in osteitis deformans (Paget's disease).....	*613	McIntyre, H. D.: Toxemias occurring in early stages of mental disease.....	*341
Harvey, S. C.: Development of the meninges.*	545	McKinley, J. C.: Neuron destruction in postencephalitic paralysis agitans; micrometric study of lenticular region and substantia nigra	* 1
Hassin, G. B.: Parkinsonian states; clinicopathologic studies	*218	Malarial Treatment: See Paralysis, general; Sclerosis, multiple	
Trichinosis encephalitis	* 34	Medulla Oblongata, bilateral and complex bulbar syndrome in syringobulbia....	495
Hemangioma, multiple, of central nervous system	643	Mella, H.: Bulbocapnin; its use in treatment of tremor and in experimental production of basal ganglion symptomatology.*	325
Hematoma, chronic subdural; pathology; relation to pachymeningitis hemorrhagica; surgical treatment.....	386	Meninges, development of.....	*545
Hemianesthesia; imitative homolateral synkinesis; probable thalamic lesion.....	397	hemorrhages, subarachnoid	781
Hemicrania: See Migraine		hemorrhages, subarachnoid, cysts of cauda equina with	794
Hepato-Lenticular Degeneration...390, 501,	786	in lower vertebrates compared with those in mammals	*281
Heredity and obesity.....	638	meningioma of right frontal region.....	528
Hiccup, epidemic, etiology of; relation to encephalitis	*712	permeability of; in syphilitic diseases....	514
Holman, E.: Difficult urination associated with intracranial tumors of posterior fossa; physiologic and clinical study...*	371	tumors: critical review.....	129
Hydrophobia: See Rabies		Meningitis, chemical changes in spinal fluid in; with special reference to lactic acid content	*738
Hypertrichosis, cervical, cervicodorsal spina bifida occulta with.....	*702	Mental disease, apparent deterioration with odd behavior but without trends.....	655
Hypnosis, psychic secretion of gastric juice under	512	disease, endocrine disorder with.....	657
repersonalization or what is hypnosis?... 800		disease, in alkaline colitis.....	822
Hysteria, paralysis agitans with.....	403	disease, resolutions regarding right of physicians to treat, in unlicensed institutions	810
Insanity, causes of.....	394	disease, toxemias in early stages of.....	*341
manic-depressive	779		

INDEX TO VOLUME 15

	PAGE		PAGE
Mental—Continued		Neurobiotaxis, human adult and embryo anterior horn cells; comparison of form in relation to concept of neurobiotaxis	*686
recapitulation, critique of theory of.....	510	Neurons, primary brachial motor, size changes in, following limb excision in Amblystoma embryos	650
tests, Kuhlmann, psychiatric value of....	*253	Neuropathology; lecture notes.....	*763
Metabolism, basal, of women, day by day variations in	647	Neuroses, children's, and conditioned reflexes	788
Micrometry of area striata.....	275	die Revision der Neurosenfrage.....	491
of lenticular region and substantia nigra.*	1	Norris, R. J.: Toxemias occurring in early stages of mental disease.....	*341
Midbrain, of opossum, Didelphis virginiana, descending tracts of thalamus and.....	648	Nose, spontaneous escape of cerebrospinal fluid through; occurrence with brain tumor	*309
Migraine, pathogenesis and therapy of.....	269	Novick, N.: Correction of colloidal gold solutions as applied to Lange reaction..	*471
pathogenesis of hemicrania	387	Nucleus, comparative anatomy of nucleus vestibularis triangularis; nucleus intercalatus and nucleus prepositus hypoglossi	133
Monoplegia, encephalitis with.....	531	Obesity and heredity.....	638
Movements, associated, of eyes and limbs, systematized disturbance of.....	787	OBITUARY:	
constant relation between postures of motile and rigid states.....	*597	Camillo Golgi, 1843-1926.....	623
Muscles, smooth, innervation of.....	649	Henry Rust Stedman, M.D., 1849-1926.	480
smooth, tonus of	673	John Henry Wallace Rhein, 1869-1925.	260
striated, sympathetic innervation of, nerve-endings in panniculus carnosus of hedgehog, with special reference to...	393	Oedipus Complex; attempt to estimate its rôle and importance.....	*151
superior recti, temporary tonic spasm of, with parkinsonian syndrome as sequel of epidemic encephalitis.....	400	Optic Thalamus and midbrain of opossum, Didelphis virginiana, descending tracts of	648
Mutilation, self-mutilation	384	Optic Tracts and Centers of amblyostoma and frog; amphibian forebrain.....	637
Myasthenic form of chronic encephalitis...	817	of opossum, Didelphis virginiana.....	648
Narcolepsy occasionally a postencephalitic syndrome	531	Orton, S. T.: Neuropathology; lecture notes	*763
Nerve, anastomosis, in paralysis of vocal cord	399	Osnato, M.: Significant chemical changes in spinal fluid in meningitis; with special reference to lactic acid content.....	*738
anastomosis, spinal accessory and facial, results 16 years after.....	398	Osteitis Deformans, neurologic symptoms in.*	613
centers, developing, relation of transplanted eyes to	509	Pachymeningitis hemorrhagica, relation of chronic subdural hematoma to.....	386
centers, of insects, histolysis in.....	388	Paget's Disease: See Osteitis deformans	
cranial, in certain ganoid fishes, peripheral distribution of.....	651	Palilalia, syllabic; multiple areas of intracerebral sclerosis	821
cranial, of man, 4 centuries of research concerning	*675	Papilledema: See Choked Disk	
endings, in panniculus carnosus of hedgehog	393	Paralysis: See also Monoplegia; Paraplegia	
fibers, arrangement of, in sensory pathways; sensory disturbances in tumors of cervical spinal cord.....	*444	agitans, and righting reflexes ("stellreflex" of magnus de Kleijn).....	803
fibers, sensory, action currents in.....	651	agitans, bulbocapnin in treatment of.....	*325
glossopharyngeal, story of	*675	agitans, pathology of	*407
relation to degenerating and regenerating taste buds	131	agitans, postencephalitic, neuron destruction in; micrometric study of lenticular region and substantia nigra.....	* 1
sciatic, lesions of, following intragluteal injections of quinine	391	agitans, with hysteria.....	403
splanchnic, studies on innervation of smooth muscle; splanchnic effects on lower end of esophagus and stomach of cat	649	eye muscle, horizontal; oculomotor tracts; posterior longitudinal bundle.....	484
trigeminal, nonbifurcating nerve fibers of.	667	facial diplegia in neo-arsphenamine polyneuritis	523
trigeminal, radix spinalis trigemini and principle of usurpation.....	*607	facial, surgical treatment of.....	274
vestibular, central tracts of.....	506	general, case with questionable diagnosis.	527
Nervous System, disease, neuropathology; lecture notes	*763	general, malarial treatment of.....	502, 629, 652, 790
disease, neuropsychiatric syndrome in alkaline colitis	822	general, spinal fluid syndrome in.....	648
disease, pathoklise	262	general, striatal symptom-complex in....	631
in experimental poisoning with acid....	634	Landry's paralysis with findings of acute anterior poliomyelitis	131
neurologic symptoms in osteitis deformans (Paget's disease)	*613	musculo-cutaneous	823
sympathetic, function of peripheral neurones in conduction of impulses in....	509	vocal cord, nerve anastomosis in.....	399
Neuritis, neo-arsphenamine polyneuritis, facial diplegia in.....	523		
optic, and posterior nasal sinuses.....	503		

INDEX TO VOLUME 15

	PAGE		PAGE
Paraplegia following antirabic inoculation..	273	Raynaud's Syndrome and acromegaly.....	645
Parkinsonian States: See also Encephalitis, Epidemic; Paralysis agitans		Reflexes, conditioned, and children's neu- roses	788
clinico-pathologic studies.....*	218	der Wert der Reflexe für die Diagnose.	633
paradoxic parkinsonian kinesis, striatal paradoxes and disturbances of function of stabilization	820	hypertonic pendular	821
parkinsonian rigidity and cogwheel phe- nomenon disappear during repose; their dystatic character	820	intestinal inhibitory	650
parkinsonian syndrome with tumors of infundibulo-hypophysial region	514	knee jerks, spinal and decerebrate; their inhibition by single break shocks.....	785
parkinsonian tremor is not a tremor of rest	819	neck, pathways for; physiology of de- scending spinal tracts.....	130
Pathoklise	262	oculocardiac; bilateral and complex bul- bar syndrome in syringobulbia.....	495
Patterson, H. A.: Spinal fluid in epilepsy.*	353	psychology based on; behaviorism.....*	185
Personality and suggestion.....	792	righting ("stellreflexe" of magnus de Kleijn), and paralysis agitans.....	803
unstable, with vivid imaginative and dramatizing powers	659	tendon, spontaneous physiologic and pathologic	277
Photoreceptors of <i>Lumbricus terrestris</i> ; their distribution, structure and func- tion	507	Right-Handedness and left-handedness....	488
Pineal Body, tumor, intracranial calcifica- tion in	791	Rigidity, decerebrate, anatomic basis of...	398
Pituitary extract in cerebrospinal fluid....*	331	Riley, H. A.: Differential diagnosis between cerebral degeneration, infiltrating cerebral neoplasm and infiltrating cere- bral neoplasm with degeneration.....*	48
tumors, hypophysial fat dystrophy with hyperglycemia and glycosuria.....*	85	Rosenow, E. C.: Further studies on etiology of epidemic hiccup (singultus) and its relation to encephalitis.....*	712
tumors, parkinsonian syndrome with....	514	Rothschild, D.: Xanthochromia in epidemic encephalitis	365
tumors, roentgen-ray treatment of....*	398	Sarcomatosis of brain.....*	205
